Re: U.S. v. Selmer, et al.

Dear Liz:

On September 11, 1991, I informed you that the defendants in the Selmer matter have jointly selected WW Engineering & Science of Grand Rapids, Michigan, to undertake the investigation of the Selmer property. To assist U.S. EPA's evaluation of WW Engineering & Science, I am providing herewith a statement of qualifications and experience of the firm. WW Engineering & Science has indicated that Scott T. Dennis, C.P.G., the firm's Director of Geology, will be the firm's project manager if WW Engineering & Science is approved by U.S. EPA for use on this project.

Please do not hesitate to contact me if you have any questions or require any additional information regarding WW Engineering & Science.

Sincerely,

Linda M. Bullen
